“ Chuck & I have been friends since 1973. We had some great adventures together and lots of memories, some good some bad! Chuck was always the friend you could count on. Even though jobs and life moved us around, we always stayed in touch. He was always honest, an all around great guy. He never met a stranger and easily made friends wherever he went. I'll always have some great memories and miss him and our bi-weekly phone conversations. I hope that there are "cheeseburgers in paradise"! Rest in peace my friend!

“ Chuck was the most kind hearted, generous person I have ever met. I worked under Chuck for 10 years as a technician. I reflect often on the way he patiently guided others to bring their very best and his investment into my growth was the most impactful during my late teens and early twenties. His fatherly way of encouraging the best of me and the others around him will be fondly remembered and I hope to model a fraction of the character he routinely displayed. I am saddened by this loss, but grateful for the time I was able to spend with Chuck. Rest in peace friend, fatherly figure, and champion for morality.

“ As a coworker of Chuck at Hill-Rom Medical Device for over 30 years, I was often witness to his kindness and generosity.... It's as if his life was predicated on GIVING to others...always giving, not just materially but of himself....Rest in eternal peace my friend and colleague.

“ Chuck was not only a wonderful man but he was quite the Southern Gentleman. He was always kind and pleasant but there were times when he just couldn't hold it in any more and he would blow a gasket. In minutes it was over and calm returned. I will miss him forever. Marge Keeney
